The choice of a trade finance partner is vital in a world where both speed and attention to detail are crucial. Soleil Chartered Bank serves for many as their local partner with global reach.

Soleil Chartered Bank supports the growth of its clients by providing trade finance related instruments with great focus in letters of credits, standby letter of credits, bank guarantees and performance bonds.

Clients of Soleil Chartered Bank were able to use instruments for PPE transactions during the height of the pandemic. A keystone transaction included ventilators being flown from Asia to South America with the backing of SCB instruments.

Transaction sizes and credit lines vary depending on the scope of the shipment/project. Soleil Chartered Bank has supported shipments as small as a single container of garments to as large as an entire ship worth of fuel. Our flexibility empowers our customers to make the best decision for their business.

Soleil Chartered Bank has been providing trade finance-related support for importers, exporters, entrepreneurs and small to medium-sized businesses for over a decade. We have completed over 2,000 transactions and look forward to being a part of trade finance in the coming decade. Soleil Chartered Bank is registered in the Union of Comoros.

We aim to provide credit facilities at a reasonable charge that makes sense to our clients' needs, ability, margins and overall transactional sense. We understand that all clients are not the same and their needs cannot be meant by having a uniform policy.

We firmly believe that trust is the cornerstone of every relationship.
